

Capabilities

CORMAC delivers innovative IT solutions to a variety of federal agencies, with a special focus on serving organizations focused on healthcare. Since 2002, we have developed customized solutions to our clients' most complex problems. CORMAC has earned a reputation for the quality of our work as both a prime and subcontractor, using mature agile methodologies to facilitate cost-effective pathways to IT modernization. We are a woman-owned small business, appraised at CMMI@-DEV Maturity Level 3 and ISO:9001 certified, headquartered in Herndon, VA with customer-facing offices in Baltimore, MD.
